MAIN INSIDE HEADING

Caption describing picture or graphic.

The most important information is included here on the inside panels. Use these panels to introduce your organization and describe

specific products or services. This text should be brief and should entice the reader to want to know more about the product or service.

You can use secondary headings to organize your text to make it more scannable for the reader.

Cancer Services Program

Your partner for cancer screening, support and information

The Cancer Services Program is funded by New York State and the federal government. The program provides breast, cervical, and colorectal screenings **FREE to women aged 40 years and older, and men ages 50 years and older who are uninsured or underinsured and who are at or below 250% of the federal poverty level, currently:**

- \$2,257/month or below for a family of 1
- \$3,086/month or below for a family of 2

Some women under 40 years of age are also eligible for mammograms if they have a family history of breast cancer or an abnormal breast finding.

In addition to cancer screening services, the program provides case management services to assist individuals who require diagnostic follow-up after their initial screenings.

Case Management services can help with:

- Navigating the health care system
- Obtaining child care services
- Obtaining translation services
- Overcoming barriers

If an individual is diagnosed with breast, cervical or colorectal cancer through the program, it is likely that they will be eligible for a special Medicaid insurance while they are receiving cancer treatment.

**For more information
call Pat Jensen, RN at the
Seneca County Health Department at
315-539-1936**
