

Join Us For A Public Open House!

Two locations and dates to choose.

Please join us for a public open house for the Genesee Transportation Council Genesee-Finger Lakes Regional Trails Initiative Update. Choose from two dates and locations. Both meetings will be open house format and will review the same material. Share your ideas, challenges, and opportunities for your regional trail network. The open house will be a drop-in with multiple stations for participants to become acquainted with the project purpose, review information previously collected, comment on maps, use an interactive mapping tool, and complete a survey. We look forward to seeing you there!
