

performance and/or additional services. Best Value procurement may result in a better value and long-term investment of public funds.

Even if the initial expenditure is higher, considering the total value over the life of the procurement also encourages competition and, in turn, often results in better pricing, quality and customer service. Fostering healthy competition ensures that bidders will continue to strive for excellence in identifying and meeting municipalities' needs, including such important goals as the participation of small, minority and women-owned businesses, and the development of environmentally-preferable goods and service delivery methods. Best value procurement will provide much-needed flexibility in obtaining important goods and services at favorable prices, and will reduce the time to procure such goods and services.

Section 3. Definitions

"Best value" means the basis for awarding contracts for services to the offerer which optimizes quality, cost and efficiency, among responsive and responsible offerers. Such basis shall reflect, wherever possible, objective and quantifiable analysis. Such basis may also identify a quantitative factor for offerers that are small businesses or certified minority- or women-owned business enterprises as defined in subdivisions one, seven, fifteen and twenty of section three hundred ten of the Executive Law to be used in evaluation of offers for awarding of contracts for services.

Section 4. Requirements

Where the basis for award is the best value offer, the Purchasing Director shall document, in the procurement record and in advance of the initial receipt of offers, the determination of the evaluation criteria, which whenever possible, shall be quantifiable, and the process to be used in the determination of best value and the manner in which the evaluation process and selection shall be conducted.

The Purchasing Director shall select a formal competitive procurement process in accordance with guidelines established by the state procurement council [County Procurement Policy?] and document its determination in the procurement record. The process shall include, but is not limited to, a clear statement of need; a description of the required specifications governing performance and related factors; a reasonable process for ensuring a competitive field; a fair and equal opportunity for offerers to submit responsive offers; and a balanced and fair method of award. Where the basis for the award is best value, documentation in the procurement record shall, where practicable, include a quantification of the application of the criteria to the rating of proposals and the evaluation results, or, where not practicable, such other justification which demonstrates that best value will be achieved.

The solicitation shall prescribe the minimum specifications or requirements that must be met in order to be considered responsive and shall describe and disclose the general manner in which the evaluation and selection shall be conducted. Where appropriate, the solicitation shall identify the relative importance and/or weight of cost and the overall technical criterion to be considered by the County in its determination of best value.

The Purchasing Director shall develop procedures that will govern the award of contracts on the basis of best value. These procedures shall be included in the Seneca County Procurement Policy and reviewed annually by the County Board of Supervisors in conjunction with its annual review and approval of the County's Procurement Policy.

Section 5. Severability

If any clause, sentence, paragraph, subdivision, section or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, effect or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part of this law or in its application to the person, individual, corporation, firm, partnership, entity or circumstance directly involved in the controversy in which such order or judgment shall be rendered.
