(Insert Title)

Be it enacted by the Board of Supervisors of the
(Name of Legislative Body)

County
City
of Seneca as follows:

SECTION I. STATEMENT OF PURPOSE

The Board of Supervisors of the County of Seneca hereby finds that, when unregulated by the State of New York or a political subdivision thereof, games of chance and gambling were, have been and are the subject of exploitation by professional gamblers, promoters, and commercial interests. It is hereby declared to be the policy of the County of Seneca that all phases of the supervision, licensing and regulation of games of chance and of the conduct of games of chance and/or gambling, should be closely controlled and that the laws and regulations pertaining thereto should be strictly construed and rigidly enforced; that the conduct of the game and all attendant activities should be so regulated and adequate controls so instituted as to discourage commercialization of gambling in all its forms, including the rental or use of commercial premises for games of chance, and to ensure a maximum availability of the net proceeds of games of chance exclusively for application to the worthy causes and undertakings specified in Article 9-A of the General Municipal Law; that the only justification for games of chance is to foster and support such worthy causes and undertakings, and that the mandate of section nine of article one of the state constitution, as amended, should be carried out by rigid regulations to prevent commercialized gambling, prevent participation by criminal and other undesirable elements and prevent the diversion of funds

from the purposes herein authorized. It is further declared the policy of this County that unregulated or unlawful gambling or gaming presents a threat to the protection, order, conduct, safety, health and well-being of persons or property within the County of Seneca.

SECTION II: DEFINITIONS

The following definitions are applicable to this local law:

1. "Contest of chance" or "game of chance" means any contest, game, gaming scheme or gaming device in which the outcome depends in a material degree upon an element of chance, notwithstanding that skill of the contestants may also be a factor therein. For the purposes of this local law "contest of chance" or "game of chance" shall also mean, but shall not be limited to, those games commonly known as bingo or lotto, in which prizes are awarded on the basis of designated numbers or symbols on a card or gambling device conforming to numbers or symbols selected at random, whether or not a person who participates as a player furnishes something of value for the opportunity to participate.
2. "Gambling." A person engages in gambling when he stakes or risks something of value upon the outcome of a contest of chance or a future contingent event not under his control or influence, upon an agreement or understanding that he will receive something of value in the event of a certain outcome.
3. "Player" means a person who engages in any form of gambling solely as a contestant or bettor, without receiving or becoming entitled to receive any profit therefrom other than personal gambling winnings, and without otherwise rendering any material assistance to the establishment, conduct or operation of the particular gambling activity. A person who gambles at a social game of chance on equal terms with the other participants therein does not otherwise render material assistance to the establishment, conduct or operation thereof by performing, without fee or remuneration, acts directed toward the arrangement or facilitation of the game, such as inviting persons to play, permitting the use of premises therefore and supplying cards or other equipment used therein. A person who engages in "bookmaking", as defined in this section is not a "player."
4. "Advance gambling activity." A person "advances gambling activity" when, acting other than as a player, he engages in conduct which materially aids any form of gambling activity.

Such conduct includes but is not limited to conduct directed toward the creation or establishment of the particular game, contest, scheme, device or activity involved, toward the acquisition or maintenance of premises, paraphernalia, equipment or apparatus therefor, toward the solicitation or inducement of persons to participate therein, toward the actual conduct of the playing phases thereof, toward the arrangement of any of its financial or recording phases, or toward any other phase of its operation. One advances gambling activity when, having substantial proprietary or other authoritative control over premises being used with his knowledge for purposes of gambling activity, he permits such to occur or continue or makes no effort to prevent its occurrence or continuation.

5. "Profit from gambling activity." A person "profits from gambling activity" when, other than as a player, he accepts or receives money or other property pursuant to an agreement or understanding with any person whereby he participates or is to participate in the proceeds of gambling activity.

6. "Something of value" means any money or property, any token, object or article exchangeable for money or property, or any form of credit or promise directly or indirectly contemplating transfer of money or property or of any interest therein, or involving extension of a service, entertainment or a privilege of playing at a game or scheme without charge.

7. a. "Gambling device" means any device, machine, paraphernalia or equipment which is used or usable in the playing phases of any gambling activity, whether such activity consists of gambling between persons or gambling by a person involving the playing of a machine.

b. A "coin operated gambling device" means a gambling device which operates as a result of the insertion of something of value. A device designed, constructed or readily adaptable or convertible for such use is a coin operated gambling device notwithstanding the fact that it may require adjustment, manipulation or repair in order to operate as such.

8. "Slot machine" means a gambling device which, as a result of the insertion of a coin or other object, operates, either completely automatically or with the aid of some physical act by the player, in such manner that, depending upon elements of chance, it may eject something of value. A device so constructed, or readily adaptable or convertible to such use, is no less a slot machine because it is not in

working order or because some mechanical act of manipulation or repair is required to accomplish its adaptation, conversion or workability. Nor is it any less a slot machine because, apart from its use or adaptability as such, it may also sell or deliver something of value on a basis other than chance. A machine which sells items of merchandise which are of equivalent value, is not a slot machine merely because such items differ from each other in composition, size, shape or color. A machine which awards free or extended play is not a slot machine merely because such free or extended play may constitute something of value provided that the outcome depends in a material degree upon the skill of the player and not in a material degree upon an element of chance.

9. "Bookmaking" means advancing gambling activity by unlawfully accepting bets from members of the public as a business, rather than in a casual or personal fashion, upon the outcomes of future contingent events.

10. "Lottery" means an unlawful gambling scheme in which (a) the players pay or agree to pay something of value for chances, represented and differentiated by numbers or by combinations of numbers or by some other media, one or more of which chances are to be designated the winning ones; and (b) the winning chances are to be determined by a drawing or by some other method based upon the element of chance; and (c) the holders of the winning chances are to receive something of value provided, however, that in no event shall the provisions of this subdivision be construed to include a raffle as such term is defined in subdivision three-b of section one hundred eighty-six of the general municipal law.

11. "Policy" or "the numbers game" means a form of lottery in which the winning chances or plays are not determined upon the basis of a drawing or other act on the part of persons conducting or connected with the scheme, but upon the basis of the outcome or outcomes of a future contingent event or events otherwise unrelated to the particular scheme.

12. "Electronic means" shall mean any method of transmission of information between computers or other machines designed and/or used for the purpose of sending and receiving such transmissions.

13. "Premises" shall mean any real property, land, building, erection, resort or place, including, but not limited to, one- or two-family dwellings.

14. "Public nuisance" shall mean any premises, building, erection or place, including one- or two-family dwellings, used for any of the prohibited conduct specified in Section "III," below.

15. "Defendant" or "respondent" shall mean: (a) those persons accused of any of the prohibited conduct described in Section III, below; (b) any premises, building, erection or place, including one- or two-family dwellings, used for any of the prohibited conduct specified in Section "III," below.

16. "County Attorney" shall mean that attorney serving pursuant to Article 11 of the County Law of the State of New York, any assistant county attorney, or any attorney or attorneys which the county attorney may employ to assist in any civil action or proceeding brought by or against the county or any county officer in his official capacity.

17. "Sheriff" shall mean (a) the Sheriff of Seneca County; b) any sheriff having authority and/or duty to enforce an order or judgement pursuant to the civil practice law and rules; or (c) any other sheriff having jurisdiction to enforce any aspect of this local law.

18. "Civil practice law and rules" shall mean the Civil Practice Law and Rules of the State of New York.
