# Seneca County Tourism Report: 2014 | Q1

## Executive Summary

Major accomplishments during the first quarter of 2014 included implementation of the “Spring” advertising campaign that featured printed placements with: Life in the Finger Lakes magazine, a regional Celebrate Commemorate printed news insert, and digital ads including home page seasonal placements with Finger Lakes Tourism Alliance on [www.fingerlakes.org](http://www.fingerlakes.org).

In addition to the ad campaign, Seneca County continued to benefit from the TPA’s public relations efforts – as many media “pitches” turned into significant placements in major publications. Other achievements include increased website and social media traffic (a result in part to the extensive SEO optimization efforts) and final modifications to the official Seneca County Travel Guide – in specific the 2014 guide will feature an all-new pullout map included in the publication.
