PRESS RELEASE :

Seneca County Clerk Tina Lotz is reporting that to comply with the Governor's Executive Order 202.8 the Waterloo DMV will be closed until further notice. We have 2 drop boxes at the County Office building (one at the North entrance and one at the South) that you may use to drop off transactions. There will also be a drop box by the County Clerk's Office that you may use. The Order also calls for extension of Driver's License, and registrations expiring on or after March 21, 2020. It also calls for the cancellation of all road tests.

At this time the County Clerk's records room will be closed to the public for researching of records. Real Estate documents and Court documents will continue to be processed thru drop off, mail, or efilings for Court documents. Papers will go on records within 3 days of receiving them.

I am very sorry for this inconvenience but appreciate your patience and understanding as we all move forward during this time. If there is an emergency pertaining to DMV or Clerk's office please call and we will assist you to find a solution. I will be in the office during normal work hours should you have an emergency.
