As we battle coronavirus together, tracing exposures to COVID is important to stop the spread.

The NYS Contact Tracing Program works with confirmed positive COVID-19 people to determine who they have been in contact with. Trained specialists reach out to those contacts about possible exposure. If you have been identified as a contact you will get a call from **“NYS Contact Tracing”** (518-387-9993).

Because the disease can be transmitted without symptoms, notifying people about a possible exposure is critical to stop the spread.

So, if you get a call from **“NYS Contact Tracing”** (518-387-9993) please answer. It is confidential and private.

Please Answer the Phone
so we can keep NY moving forward
and stop the spread of COVID-19.
